*Wooded Area*

*Crucifix & Stone Altar*

*Benches  
along sides*

*Wrought Iron Entrance Gate*

All the graves will be facing East, which is traditionally Christian, "Facing the Coming of the Lord" as we await resurrection of our bodies on that Last Day.

We are also considering the placement of an outdoor altar, benches, and a possible hedge or brick wall. These will depend upon the numbers that show interest in the cemetery.

Currently, plots in this first section are priced at \$2,100. Depending upon when our parish buys and in what volume, discounts may apply.

Beyond the end of the cemetery is a vast stretch of woods which will provide a natural a beautiful backdrop to our resting place, especially in the Autumn of the year.

After entering the elegant wrought iron gateway, the main gravel walkway will terminate in an exedra wherein will stand a tall and stately Crucifix.
